PROFESSIONAL EXPERIENCE

IT Support Specialist — **Colombo, Sri Lanka**
Fixibit Computer Solutions — **10/2022 – 08/2025**

- Provided onsite and remote L1/L2 technical support for Windows environments, endpoint devices, hardware, software, and network infrastructure, ensuring reliable day-to-day ICT operations.
- Supported Windows Server, Active Directory, Microsoft 365, and endpoint environments**,** troubleshooting incidents and maintaining reliable access to business services.
- Managed Active Directory user accounts, including password resets, account unlocks, permissions, and access administration, following secure access practices.
- Supported Office 365 and SharePoint users, resolving access, permission and application issues and helping maintain user guides and support documentation.
- Installed, configured, and deployed Windows workstations and business applications, supporting device lifecycle management and new user onboarding.
- Managed and followed up on IT incidents through ServiceNow/Jira Service Management, maintaining accurate technical documentation, resolution records, and follow-up actions.
- Troubleshot TCP/IP, DNS, DHCP, LAN/WAN, Wi-Fi, and VPN connectivity issues, diagnosing network problems and restoring reliable network services.
- Supported IT asset lifecycle management, including hardware inventory, equipment tracking, device deployment, maintenance, and replacement activities.

IT Support Technician — **Colombo, Sri Lanka**
E-Globe Solutions — **01/2021 – 09/2022**

- Diagnosed and repaired hardware and software issues on desktop and laptop computers, reducing system downtime.
- Installed and configured Windows workstations and required software, enabling users to begin work without delays.
- Assisted with network connectivity troubleshooting and documented support activities, improving the accuracy of IT service records.

IT Support Assistant **Colombo, Sri Lanka**
E-Globe Solutions **01/2017 – 12/2020**

- Responded to end-user technical requests by troubleshooting desktop, application, and peripheral issues, maintaining business continuity.
- Configured and maintained Windows workstations, software, and shared devices, ensuring systems were ready for daily operations.
- Assisted with IT asset management by maintaining equipment records and preparing devices for deployment, improving inventory accuracy.

IT Intern **Colombo, Sri Lanka**
E-Globe Solutions **06/2016 – 12/2016**

- Assisted senior technicians with hardware installation and computer maintenance, gaining practical IT support experience.
- Performed routine hardware inspections and basic troubleshooting, and configured printers and peripheral devices for daily use.

PROJECTS

- **IT Hardware Refurbishment & Lifecycle Management–** Refurbished and repaired 100–500 IT devices, including laptops, desktops, and Apple devices. Performed hardware diagnostics, component replacements, Windows installation, configuration, and functional testing. Supported hardware recovery, quality assurance, and lifecycle extension to improve device reliability and reuse.
- **Company SharePoint Knowledge Base –** Workplace project (SharePoint, Microsoft 365). Set up a site with IT how-to guides and troubleshooting articles for staff self-help, with managed access permissions.
- **New User Onboarding Process –** Workplace project (Active Directory, Microsoft 365). Documented a standard checklist for new-starter accounts, device setup and access permissions.
- **IT Asset Tracking List –** Workplace project (SharePoint Lists / Excel). Built a list to track laptops, printers and mobiles, including assignment and replacement dates.
